### **WAGES**

The above rates or the appropriate AEWR should be applied when evaluating all agricultural job orders scheduled for 2003. Any clearance orders already accepted at a lower wage must be modified to reflect these wages or the appropriate AEWR.

***H-2A job order:*** Employers will pay the State or Federal minimum wage, prevailing wage or the AEWR, whichever is highest.

***Non H-2A (only) job orders:*** Employers will pay the State or Federal minimum or the prevailing wage, whichever is highest.

### **(Piece Rate)**

***H-2A job orders:*** If the piece rate basis (at the end of the each pay period) does not result in average hourly rate earnings, at least equal to the amount the worker would have earned with the highest hourly rate, the worker's pay should be supplemented, so that the earnings are as much as the worker would have earned with the highest hourly wage.

***Non H-2A (only) job orders:*** If the employer pays on a piece rate basis, the piece rate will be at least the prevailing rate for such activity in the area of intended employment.

(No Finding Determination)

***H-2A job orders with a “NO FINDING” determination:*** If the employer pays a piece rate for the activity or per hour, earnings must not be less than the hourly AEW R rate of pay.

***Non H-2A (only) job orders with a “NO FINDING” determination:*** If the employer pays a piece rate for the activity, or per hour, the Fair Labor Standard Act (FLSA) minimum wage is the guaranteed minimum rate of pay.

## **HOUSING**

Additionally, employers with H-2A job orders must also offer housing and board at no cost to the worker in accordance with “ETA Handbook 398” and 20 CFR 655 (H-2A Regulations).

Regarding non H-2A (only ) job orders, employers should offer free housing and or board if they are a prevailing working condition, in accordance with 20 CFR 653 MSFW (Migrant and Seasonal Farmworker) regulations.
